

PLACES TO VOLUNTEER

If you are accepted for treatment with Wish For A Smile then we ask that you complete 20 hours of volunteer work with a community organization of your choice.

Some examples of places to volunteer include:

- Helping out at a school breakfast club
- Assisting at a local community op shop (Salvation Army, SPCA, St Vincent de Paul etc)
- Doing odd jobs with the school caretaker or at the school library
- Ask at the local library, community hall or church. You may be able to help with any small jobs that need to be completed
- Spending time at a local rest home

We will provide you with a log book and ask that you get a member from the organization to sign off your 20 hours of volunteer work.

This volunteer work must be completed **within the first year of your orthodontic treatment**, however your orthodontist may ask you to complete the 20 hours **before** any treatment commences.

Once the 20 hours are signed off in the logbook then you either give it to your orthodontist or send or email it to us directly at:
