**Wish For A Smile** is a public health initiative of the New Zealand Association of Orthodontists (NZAO).

We aim to make specialist orthodontic treatment available to young New Zealanders who would otherwise be unable to access orthodontic care.

Orthodontic treatment can make a life-changing difference to a child through increased self-esteem and an optimistic outlook. Unlike standard dental care, orthodontics is not free for young people in New Zealand.

Your contribution helps **Wish For a Smile** play an active and positive role in giving these children a much brighter future.

On their behalf, thank you.
